If a bidder has any questions which arise concerning the true meaning or intent of the specifications or any part thereof, or believes that any part of this Request for Proposal is unfairly restrictive, he shall request in writing, at least ten (10) calendar days prior to the date fixed for the bid opening, that an interpretation be made and an addendum be issued by the County, which shall then be delivered to all bidders of record. 1.5 Equivalent Material

Wherever definite reference is made in these specifications to the use of any particular material or equipment, it is to be understood that any equivalent material or equipment may be proposed which will perform adequately the duties imposed by the general design, subject to the approval of the County unless specifically stated otherwise.
