If a bidder has any questions which arise concerning the true meaning or intent of the specifications or any part thereof, or believes that any part of this Request for Proposal is unfairly restrictive, he shall request in writing, at least ten (10) calendar days prior to the date fixed for the bid opening, that an interpretation be made and an addendum be issued by the County, which shall then be delivered to all bidders of record. All addenda issued shall become part of the contract documents. Failure to have requested an addendum covering any questions affecting the interpretation of the specifications shall not relieve the Contractor from delivering the completed project in accordance with the intent of the specifications. The County will not be responsible for any explanation or interpretation of specifications not specifically included in an addendum. 1.4 Qualifications of Bidders

The County may make such investigations as deemed necessary to determine the ability of the bidder to perform the work and the bidder shall furnish to the County all such information and data for this purpose as the County may request. The County reserves the right to reject any bid if the evidence submitted by the bidder or investigation of such bidder fails to satisfy the County that such bidder is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein.

1.5 Equivalent Material

Wherever definite reference is made in these specifications to the use of any particular material or equipment, it is to be understood that any equivalent material or equipment may be proposed which will perform adequately the duties imposed by the general design, subject to the approval of the County unless specifically stated otherwise. Equivalent material must be clearly marked and fully described.

5.0 Agency Background and Project Overview

The Jasper County Sheriff's Office is a county-wide law enforcement agency serving approximately 115,000 citizens in Southwest Missouri. In general, the Sheriff's Office provides primary law enforcement response, detention services, civil process, and animal control services for the majority of the County.

The Jasper County Sheriff's Office utilizes a variety of technologies and equipment to outfit its fleet which includes sedans, SUV's, trucks, vans, and other specialty vehicles-both marked and unmarked- in order to provide the level of service the public has become accustomed to and one which it deserves.

This proposal is intended to engage the successful bidder as a prime vendor of the items specified in Section 6.0 for a term of three years.
